Western States Contracting Alliance

DELL

COMPUTER EQUIPMENT, SOFTWARE AND SERVICES

MASTER PRICE AGREEMENT
92-00151

Expiration Date: September 2, 2003
One optional one-year renewal

"Dell is honored and delighted to be participating in such a ground-breaking agreement," **Ro Parra, Dell senior vice president, Public Americas and International** "WSCA created a way for its members to receive better value and increase their purchasing power through this unique multi-state contract. Its membership worked hard to bridge the gap between the states and their individual purchasing environments. We are also impressed by WSCA's forward-thinking uses of the Internet, from issuing RFP"s and conducting negotiations to e-commerce."

This is a direct-from-the-manufacturer price agreement that is based on the volume-discounted prices. The volume is being pooled with other members of the Western States Contracting Alliance (WSCA) to obtain the very lowest prices. Shipping is free in the continental U.S. using Dell's standard ground shipping. Warranty and maintenance services may be performed by a Dell subcontractor. This price agreement contains the entire Dell product line plus peripherals. Dell offers special graduated price discounts on computer equipment on a single order beginning at one percent for orders at the $25,000 level up to eight percent on single orders at the $500,000 level.
