City of Atlanta Introduces New Public Parking Management Program Effective November 1, 2009

The City of Atlanta has adopted new legislation (09-O-0765, 09R037) that will allow for a new parking management program to be implemented. Effective November 1, 2009 the Atlanta Parking Agency under the direction of Duncan Parking Management will manage the city's public parking. The new parking management program will include booting, towing, and ticketing vehicles illegally parked in the City's rights of way. A 30 day grace period, November – December will allow for boot eligible violators (those with 3 or more outstanding parking fines) to pay their fines without penalty. For more information on the new Parking Management Program please visit www.atlantaga.gov/publicworks.aspx or call (404) 330-6501.
